BARRE DAILY TIMES

THURSDAY, JUNE 5, 1919.

The Weather.

Fair to-night and Friday, except probably showers Friday in Vermont; gentle east and southeast winds.

TALK OF THE TOWN

Remember the junior prom. Spaulding assembly hall, Friday, June 6; students and alumni.—adv.

The annual outing of the Burns club will be held at Caledonia park Saturday, June 7. A full attendance is requested. The Montpelier Military band will give a band concert at Benjamin Falls Sunday afternoon at 3:30, weather permitting.

Mrs. Ella M. Sargent, Atty. A. A. Sargent's mother, has left for an indefinite stay in Newton Center, Mass., to care for an invalid daughter.

Miss Irene Rodney left this morning for Coopersville, N. Y., to spend two weeks with relatives. She will be accompanied on her return by her grandmother, Mrs. Della Dunham.

Mrs. E. E. Wilson of Somerville, Mass., returned to-day to her home after making a trip to Barre with her sister, Miss J. P. Nourse, in an auto and remaining two weeks as her guest at Hotel Barre.

Mrs. L. H. Thurston and daughter, Mrs. A. A. Freeman of 153 Seminary street, left this noon for Springfield, Mass., to pass a week at the home of Mrs. Minnie Pelkey, another daughter of Mrs. Thurston.

The intermediate department of the Methodist Sunday school is asked to meet at the vestry at 6 o'clock sharp Friday night. This is very important, as it is the final rehearsal for children's day. Keep this in mind.

Mr. and Mrs. Dell Stone, Mrs. James Mackay, Mrs. James R. Mackay and Miss Emma Adie made an early start this morning for Burlington, leaving here by auto to attend the convention of the Eastern Star lodge held in that city to-day.

At an auction sale in South Barre yesterday the J. B. Nichols place, so called, owned by George Adams of that village, went to William Watt, who owns land adjoining the place. The personal property was also disposed of at the auction, with D. A. Perry as auctioneer.

A few of the stonewalls closed down yesterday afternoon because of the extremely hot weather and to-day even more stopped activities for the same reason. Practically all the Willey street firms and many in Burnham meadow and the Depot square district stopped this forenoon.

The boys of Goddard seminary, tiring of the idleness of the dormitory last night, suggested to the school authorities that they be permitted to sleep out of doors. The request was granted and about every lad of the school with mattress and bed clothes, accepted the privilege joyously.

James Will and wife of East Moretown disposed of their farm, consisting of 130 acres of land, with all kinds of farming implements, to Mrs. Mabel W. Smith of Westfield, Mass., yesterday, through the D. A. Perry Real Estate agency. In the transaction Mrs. Will took a 11-acre farm in Berlin and plan to move their household effects to their new home very soon. Mrs. Smith buys for a home.

This morning in two cars the Goddard baseball team left for Lisbon, N. H., to play ball. The group left before 7:30 without Coach Brackett, since he was unable to go because of illness. A large celebration for the benefit of returned soldiers was held in Lisbon this morning, where the seminary team contested with the Lisbon high school aggregation. From there they go to Littlefield, N. H., to play this afternoon the high school of that town.

A surprise party was given to Miss Loretta Stephens at the home of her aunt, Mrs. T. J. Denning, on Park street last evening, when about 25 of her young friends gathered to bid her farewell. During the evening her little cousin Reginald Marston presented her a gold wrist watch, for which she kindly thanked her friends and playmates. Light refreshments were served and the party broke up wishing her many such friends in her new home. She leaves soon with her sister, Mary, for Springfield, Mass., where they will make their home. Miss Elsie Morrison and Dorothy Suitor were responsible for the delightful party.

AGRICULTURAL BILL PASSED.

Daylight Saving Rider Not Attached to It, However.

Washington, D. C., June 5.—The \$31,600,000 agricultural appropriation bill was passed yesterday by the House with only one dissenting vote and sent to the Senate. A proposal to direct the House committee to increase the \$1,600,000 appropriation for farm demonstration work by \$1,000,000 was defeated.

The efforts to repeal the daylight saving law by a rider on the agricultural bill was definitely throttled late Tuesday in the House, when Chairman Haugen of the committee of agriculture offered the repeal amendment and Congressman LaGuardia of New York made the point of order that it was legislation on an appropriation bill, which the chairman sustained.

TRANSPORT CHICAGO IN.

Brought 1,060 Officers and Men to New York To-day.

New York, June 5.—Casual companies numbering 1,000 officers and men, arriving here to-day on the transport Chicago. They included soldiers from Pennsylvania.

MONTPELIER

Harold Glynn, a Montpelier boy, who has several relatives here that he is to leave the last of the month for Rio Janeiro, Brazil, where he will be the South American manager of the United States Rubber company. Mr. Glynn served the company in London, England, preceding the war, and he expected to go back to the London office, but recently the company decided to send him to South America. It is an 18 days' trip to his new location, a total mileage of 4800 ocean voyage with three stops en route.

The Deane company, which commenced business in Montpelier March 15, is progressing as fast as it can get its machinery, and each week sees new girls commencing work in the place. There are 30 girls working now and four more are to commence Monday morning. There are now 68 machines in working order, some of which are for special work, so are not running all the time. If the present increase continues, there will be over 200 machines working by fall. The company has confined its hiring of operators to local people, having to teach them the business instead of bringing experienced help from outside. The girls thus far have been given a stated salary per week, but in a short time it is expected that they will be paid by piece work. Preparations are being completed for the occupancy of the fourth floor of the building which has been known as the Green Syrup or Tar building, and which the company bought. Shortly they expect to use the first floor for some heavy machine work. They will place 120 machines on the third floor of the building. Edward Fougere, the sewing machine manager, has been doing some special work in the making of awnings and several sets of which have been sold in Montpelier. In order to go into this work more extensively next season, special machines are to be set on the first floor of the building. Mr. Fougere is doing the cutting at the present time on this line of work. The company has its orders in shape so that it can plan ahead now better than a few weeks ago.

The transfer from government to commercial work retarded the effort for a short time. The death of Mrs. Hutchins, who was the forelady in the sewing work room, also upset things a little. Mrs. Roy Wiggins of Montpelier is acting forelady at the present time. The company has just taken a special order for men's and boys' pants and is using a tailor from one of the local shops to do the cutting until their own arrives.

The cloth used in this comes from the Little Woolen mills in North Montpelier. When the place was visited this week, 29 girls were working upon muslin underwear for children; that is up to age of 14 years, and almost every piece that is wanted to clothe a child is made. Other work, which is being done, is that of sewing khaki pants and couch hammocks, all branches of which they will do into more extensively next season.

Robert Hoadley of Montpelier is the bookkeeper for the company, and the work has so increased that the engaging of a stenographer is to take place as soon as one is secured who fits the work. E. L. Turner, manager and treasurer of the company, will be away considerable of the time, so that Mr. Hoadley will be in charge a great deal.

Wilfred Ledden, who has been second trick operator in the Western Union office in Montpelier, has accepted the appointment as manager of the office for the company in Kennebunkport, Me., where he will go about the 16th of the month. Mr. Ledden started his work in the local office as a messenger boy, but when his brother went to Burlington as manager of the office in that city, Wilfred was promoted to operator, which work he has since handled.

Alfred G. Edward has settled his accounts in probate court as administrator of the estate of Mary Edward, late of that city. Thomas H. Cave, Jr., has settled his account as special administrator of the estate of Mary Edward. W. B. Scott of Barre, has settled his account as administrator of the estate of James B. Edward, late of that city. Mr. Edward, late named, was killed in Barre over a year ago. Orson H. Blodgett of Cabot has settled his account as guardian of Aurelian M. Clark of Cabot.

Margaret, the year-old daughter of Mr. and Mrs. Archibald Campbell of Foster street, died during the night. The funeral will take place to-morrow, with burial in Hope cemetery in Barre.

Mrs. Lloyd Chaffee, who has been visiting with Mr. and Mrs. G. P. Barber, has gone to her home in Enosburg.

Hoyt S. Knight, who has been engaged in contract work in Plainfield, but is a resident of South Royalton, has received a letter from Senator W. P. Dillingham that he has been named as the assistant doorkeeper of the United States Senate. Mr. Knight made application for the appointment some weeks ago, securing endorsement for the position, and the appointment comes with considerable gratification to him. He was door keeper in the House of Representatives here in 1917. He is a native of Searsboro, Me., born Dec. 13, 1867. He was educated in Windsor schools and has been a contractor for some years with a home in South Royalton.

The committee from the board of control, which is making up a plan for the financial system of the state to comply with the recent legislation and which recently took a trip to Maine for the purpose of seeing how the work is conducted in that state, met this afternoon. The members of the committee are W. F. Scott, Will Davis and Benjamin Gates. It is expected that the report of the committee will be drafted at the setting of this afternoon.

Some of the employees in the State House are much upset over the recent

report that they are to be paid only monthly and are considering making a protest to the board of control against adopting the recommendation of the committee. In some departments they are now paid once in two weeks and the employees feel it will be a step backward to go back to the plan of paying salaries to clerks once a month.

James Holland of New York called upon Miss Julia Holland, his sister, here to-day.

George Hall, aged 72 years, died during the night at Heaton hospital, where he had been for care. He had been breaking down in health of late. He had lived in Middlesex for some time with his daughter, Mrs. William Lathrop. He was a native of Pawlet, a son of Mr. and Mrs. Daniel Hall. His wife, Phyllis Hall, died some years since. The body will be taken to Lincoln for funeral and burial Saturday.

Frank Chandler and Miss Josephine Spoyed were married June 3 by Rev. P. J. Long at St. Augustine's church parsonage.

State Treasurer W. F. Scott paid to soldiers and sailors in the month of May \$74,414. This is the state pay which is given the above persons for services in the world war and done under a recent act of the legislature. When the state has paid the state pay to drafted as well as volunteers, it will have cost the state about \$2,000,000.

H. M. Farnham returned the night before last from the west, where he, in company with James Kendall of Lebanon, N. H., had been after a carload of horses for each of the above men. They suffered a similar experience to that of the wreck at Royalton Wednesday afternoon, only that it was not as serious as the accident at Royalton. They were coming east over the Grand Trunk railroad Tuesday, and west of Montreal, because of the effects of the heat, the track was thrown out of line, with the result that four cars in their train were thrown off the track. The embankment beside the track was not very high, so the cars did not tip over.

WILLIAMSTOWN

All Odd Fellows are requested to attend the meeting Friday night. Business of importance and initiatory degree.

EAST BARRE

All spring and summer millinery at a 25 per cent discount for the next 10 days. Florence Whitcomb, East Barre.

Appear At Your Best—Instantly
If you receive a sudden caller or an unexpected invitation you can feel confident of always appearing at your best. In but a few moments it renders to your skin a wonderfully pure, soft complexion that is beyond comparison.
